Dear Mr. Luce,

I, as a vendor in the city of Calistoga, am writing to you as chairperson of UVWMA. I am requesting that recycling be at no cost for businesses and wineries. This policy is working well with the Upper Valley residents who pay for their garbage but are not paying an extra charge to recycle. I am asking for the same policy to apply to businesses. All of the recycle expenses would be charged on the garbage side. This may result in a rise in the new garbage rate. However, since this same policy is carried out in the city of Napa, it must be workable. The purpose of this request is to streamline the existing system and maximize the amount of recycling done. My needs currently are not being met. I would like to help our environment by being able to recycle everything that I can. A schedule of pickup of twice per week would be best as is the case now, but I need 3 or 4 days between pick ups.

Thank you for your consideration of my request.

Sincerely,
